WORK EXPERIENCE:

Learnbay, Bangalore

Machine Learning Engineer

FEB 2024 - Present

- Worked with a team of five, to design and implement a predictive model using deep learning models, increasing the speed of data analysis by 25%.
- Developed an algorithm to forecast sales which improved the accuracy by 15%.
- Working with a team in building Chatbot using NLP.

Learnbay, Bangalore

Data Analyst Intern

AUG 2023 - FEB 2024

- Implemented python scripts that automated data cleaning and extract meaningful data insights from large datasets.
- Visualized the data insights using Tableau to influence business decisions.
- Researched new analytic approaches to improve model accuracy resulted in improvement of 15% accuracy.

EDUCATION:

Data Science and AI Masters

Learnbay, Banalore

2023 - Present

B.Sc (Computers)

Dr. B.R. Ambedkar Open
UNiversity

2019 - 2022

SKILLS:

Tools:

Scikit-learn, Seaborn,
Python, R,
Numpy, Pandas,
Keras, Pytorch,
Opencv, Beautifulsoup,
MySQL, Tableau, PowerBI

Technical Skills:

Deep Learning (Advanced),
Predictive Modeling,
Statistical Analysis, Web
scraping, Data Visualization,
Big Data

Certifications:

Python, Statistics,
Machine Learning,
Deep Learning (Advanced)

Soft Skills:

Problem-Solving,
Teamwork,
Communication,
Innovative
